## News Release

### ARSENAL ENERGY INC. ANNOUNCES RESULTS OF THE BAKKEN TEST WELL

**CALGARY, November 12, 2008** – Arsenal Energy Inc. (“Arsenal”) (TSX: AEI) (Frankfurt: A1E) is pleased to release the results of its Bakken test well at Stanley, North Dakota. In October 2008, Arsenal participated for a 35% WI in a Bakken well with a 2,700 meter horizontal lateral. The well was completed and stimulated in early November and was flowing at a rate of 1200 bbls/d of 42 API oil on cleanup. After a couple of months of flush production, wells typically produce at stabilized rates between one third and one quarter of their test rate. Arsenal has 1896 net acres of Bakken rights in the Stanley area. Arsenal has budgeted to participate in four additional Bakken wells in 2009.

#### Advisory

Certain statements and information contained in this press release, including but not limited to management’s assessment of Arsenal’s future plans and operations, production, reserves, revenue, commodity prices, operating and administrative expenditures, funds from operations, capital expenditure programs and debt levels contain forward-looking statements. All statements other than statements of historical fact may be forward looking statements. These statements, by their nature, are subject to numerous risks and uncertainties, some of which are beyond Arsenal’s control including the effect of general economic conditions, industry conditions, changes in regulatory and taxation regimes, volatility of commodity prices, escalation of operating and capital costs, currency fluctuations, the availability of services, imprecision of reserve estimates, geological, technical, drilling an processing problems, environmental risks, weather, the lack of availability of qualified personnel or management, stock market volatility, the ability to access sufficient capital from internal and external sources and competition from other industry participants for, among other things, capital, services, acquisitions of reserves, undeveloped lands and skilled personnel that may cause actual results or events to differ materially from those anticipated in the forward looking statements. Such forward-looking statements, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated in the statements made and should not unduly be relied on. These statements speak only as of the date of this press release. Arsenal does not intend and does not assume any obligation to update these forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law. Arsenal’s business is subject to various risks that are discussed in its filings on the System for Electronic Document Analysis and Retrieval (SEDAR).
